THE CLOTHCRAFT STORE IN THIS TOWN

LIVINGSTON

Morris Cottongim has a position at Corbin as clerk in a restaurant. — Mrs. J. H. Wallon and Mrs. J. C. McGuire visited relatives at Wildie this week. — Mrs. G. S. Griffin was called to Mt. Vernon latter part of last week on account of the illness of her little granddaughter, Edna Griffin. — Mr. and Mrs. W. M. Preston and two children, of Ravenscroft, have returned home after a few days' visit with Dr. and Mrs. R. G. Webb.

— L. M. Westerfield, dispatcher at Paris, Ky., was down Monday. This was his first trip for quite a while. When the dispatcher's office was here Mr. Westerfield was a citizen of our town. He seemed well pleased to meet the boys that are still holding the fort here. — W. M. Preston, who once was a citizen of our little town, spent a few days. When the dispatcher's office was transferred to Louisville, he fell to Mr. Preston's lot to go with it, but later he has been transferred

to the office at Ravenscroft. Mr. Preston seemed pleased to visit old Livingston again, and meet her good people. As a rule when once one has had the pleasure to live in Livingston and moves away it is always a pleasure to return. — Sam Stallworth has moved his family to East Bernstadt and will farm this season. For several years he has been railroading. — W. A. Todd, of Level Green, has been visiting his sister, Mrs. J. H. Owens, a few days last week. He is seventy-two years old and made the trip afoot in one day, by the way of Mt. Vernon. — L. H. Davis is building a brick house. One part of it will be occupied by the First State Bank, and other rooms for offices. The structure will be a credit to Livingston. — J. B. Hayse has moved into his property over the river that he purchased of L. H. Davis. — H. L. Nicely bought of El Hausel a house and lot on Main street; price paid \$800, and El Hausel bought a house and lot of J. B. Donnelly, price not known. — Mrs. Thomas Farley, who has been sick for some time, remains about the same. — Rev. Masters held his regular appointment at the Christian Church, Saturday and Sunday. — Mrs. D. B. Rambo, who has been sick, is much better. — G. W. Murphy is putting up a new house near town and will move there in the near future. — Dr. R. G. Webb was called to East Bernstadt, Monday, to see a patient. — Rev. Young, of Mt. Vernon, was here Sunday night and gave an interesting talk at the Christian church. — Died: April 7th, Mrs. Fannie Bonds, wife of Louis Bonds, near Mullins Station. Besides a husband she leaves seven children, and an eleven-month-old baby. She was the daughter of (Continued on 2nd page.)

LIBERTY BOND HONOR FLAG

LET'S WIN ONE
FOR
MOUNT VERNON

EVERY AMERICAN'S DUTY.

To work, economize, and lend money to the Government is the duty of every American.

Hundreds of thousands of our men have been called to arms and taken away from the productive forces of the country.

Hundreds of thousands of others have been diverted from producing things used in peace to producing things used in war.

In the face of this lessened productive force and production a great and unusual drain upon our resources is made by our Army and Navy and our allies.

Work and speed-up production to make up for the lessened production; economize in consumption to lessen as much as possible the drain upon our resources; lend your money to your Government to prosecute this war successfully and make our soldiers powerful, effective and victorious.

Every American can do an individual service to his country by working, saving and buying Liberty Bonds.

GERMANY FURNISHES THE PROOF.

Every development since our entry into the war has justified and proved the wisdom, the imperative necessity of America's participation. Every German success and every German failure have shown how necessary to our own welfare and peace, how necessary to the safety and peace of the world the defeat of Germany is. Every foot of ground Germany has been forced to give up, every foot of land she has seized, have demonstrated the absolute necessity of defeating that sinister, intolerable thing called Germanism.

THIRD LIBERTY LOAN BUTTON.

The button which will be given to every subscriber to a Liberty Loan Bond of the third issue, whether a \$50 bond or a \$10,000 one, will have a border of brilliant red, and a blue field with a liberty bell, and the words "Third Liberty Loan" in white. Sixteen million of these buttons are now ready for delivery and will be given out when the subscriptions are made.

AN AMERICAN PEACE.

There can be no peace with honor or safety to ourselves or to posterity, except a just peace, and there can and will not be no other peace. Work for peace accomplishes nothing but the hampering of our effort, the delay of the real peace, and a greater toll of death of America's fighting men. Our duty is to war for a just and righteous peace; to work or speak for any other peace is aid and comfort to Germany—injury and disloyalty to our boys in France.

WHAT YOUR LIBERTY BOND WILL ACCOMPLISH.

\$18,000 invested in Liberty Bonds will equip an infantry battalion with rifles.
\$50,000 will construct a base hospital with 500 beds, or equip an infantry brigade with pistols.
\$100,000 will buy five combat airplanes, or pistols, rifles, and half a million rounds of ammunition for an infantry regiment.

LEVELGREEN RED CROSS

We are having genuine March weather now. — Mrs. Mollie Hatcher is visiting her son, J. N. Hatcher, at Corbin, this week. — R. L. Brown, of Somerset, spent Easter with his mother here.

Miss Ola DeBord has entered school at Berea. — Maurice Thompson has returned from a six-month stay in the "Hoosier" state. — Miss Hazel Price is visiting at Withers this week. — W. E. Thomas and family have moved to his farm near Bee Lick. — Arthur Cummins will run his farm here. — Mr. and Mrs. James Vanhook have returned from Barboursville and will farm this year. — Two small children of John Lovens were buried at Mt. Pleasant within a week; they had whooping cough and measles. — Wm. H. Brown who has been laid up most all winter with a sprained hand and la grippe is able to be out again. — Mrs. O. J. Mullins and children spent from Thursday until Saturday with her parents at Ocala. — Miss Georgia Gentry, who is attending school at Richmond, and her sister, Rose, of Langdon Dormitory, were with their grandmother, Mrs. J. N. Brown, Saturday. — Mrs. A. F. Lawrence spent Sunday with her sister, Mrs. Arch Powter, at Elrod. — Mr. and Mrs. Virgil Eldridge, of Plato, have moved into a tenant house on Giles Shell's farm. — Miss Essie Brown spent from Saturday until Monday with her sister, Mrs. Ethel Hatcher. — Lincoln Burnett, of Whitley county, visited his cousin Mrs. H. P. Broyles, the latter part of last week. — Miss Lucinda Burton died at the home of her brother of tuberculosis last week and was buried at Friendship. — Mr. and Mrs. W. J. Brown and children were down from Crab Orchard, Saturday and Sunday. Mrs. Maed Brown accompanied them home for a two weeks' stay. — The oil and gas machinery is now located on the farm of Harrison Kirby and have been running day and night.

The activity in sewing will not stay but likely be checked to some extent next two weeks on account of house cleaning time.

It might be well to remind the women of this county that we have demand for many buttons, as there is a shortage of buttons on the market. There are many gross of buttons, such as we need, on discarded clothes that will be burned up or piled in closets, during house cleaning time, if you will cut these all off and bring or mail to Red Cross at Brodhead, Livingston, or Mt. Vernon, they will be matched up and help win the war.

Dr. Walker Owens is doing extensive work with his First Aid Class of about twenty women. This is fine work and will have lasting influence in the county; it will help to get a clear understanding of how to treat emergency sickness and accidents; gets the people to handle patients right until a physician can reach them, and teaching of this class will save lives and much suffering.

It would be well for the men in draft age, that will likely be called soon, to avail themselves of this opportunity to take First Aid work. These men will have a chance to use dressings when they will be very effective, and if they would think right about it, they would be glad to form a class and get

lessons at Mt. Vernon two nights out of each week; these first aid lessons will help many drafted men to get work in hospital corps instead of in the trenches, as the army wants men who have special training for this work. Dr. Owens would be glad to teach a class of young men, and he is a fine instructor along the needed lines in First Aid work.

A card index of all selective draft men now in service is in the hands of the Red Cross and Home Relief work will be started in earnest.

YOUR FIFTY DOLLAR LIBERTY BOND.

It will protect 1,000 soldiers from smallpox and 666 from typhoid. It will assure the safety of 139 wounded soldiers from lockjaw, the germ of which swam in Belgian soil.

It will render painless 400 operations, supply 2 miles of bandages—enough to bandage 555 wounds.

It will care for 160 injuries in the way of "first-aid packets." It will furnish adhesive plaster and surgical gauze enough to benefit thousands of wounded soldiers.

Every purchaser of a Liberty Loan Bond performs a distinct individual service to his country and to our boys fighting in France.

More Than 400 Farmers
In Kentucky Alone
Are Planting My

SEED CORN

Neal's Paymaster
Germination Guaranteed
95 per cent or Better

NEAL'S PAYMASTER is the answer to the Government's request to grow more corn. It is sure-cropping, heavy producing, early-maturing. This year's crop depends upon the seed you plant. Don't take chances with untested or low testing, unknown varieties. Be advised by farmers who say that they would have averaged twelve bushels more per acre had they planted Neal's Paymaster. On a forty acre field that means \$1,000 more profit for you.

HERE IS NEAL'S PAYMASTER'S 1917 RECORD:

Highest 1917 record for Maury, my home county—122½ bushels. Made by Mr. Will Calvert.

On a number of other farms, the average was upwards of 100 bushels.

Mr. Hill McKibbin, on a large field, averaged 90 bushels. The Seed Corn I am offering you is all from the Calvert and McKibbin farms.

SOME MORE OF MY CUSTOMERS:

Middle Tennessee Experiment Station, after test showing 100 per cent germination, bought 30 bushels of Neal's Paymaster.

Hundred's of farmers, besides those in Kentucky, in the twenty-five great corn growing states,

Neal's Paymaster is the standard two ear corn. White grain, small red cob, medium stalk, matures in 100 to 110 days. Uniformly makes large yield.

I have only about 1,000 bushels of this incomparable, tested Seed Corn left that I can sell to Kentucky Farmers.

Price. \$6.00 per Bushel

Sacks Free. Cash With Order.
